

Physics 102 – Spring 2014 – Recitation module 12

Watch this documentary on dark energy and dark matter

<http://www.youtube.com/watch?v=GBDsvf0CFG1>

Why is it called “dark” matter?

What evidence exists for dark matter?

What evidence exists for dark energy?

In the far distant future, if human astronomers still exist, they will look out in the night sky and see very few galaxies. Why?
